Xavier has only one chance to speak with Jenna, but what will she do when she learns he isn't human. Yet the novel provokes protest in as much as by making animals think as humans it suggests that the law of the jungle, Darwin's principle of the survival of the fittest, is also a determinant for human life. What its unremitting suggestiveness approximates to are intimations of a relationship, as faceless as it is wordless, and as fleeting and insubstantial as the reflection of its title.
